*Contact factory for higher power ratings:

0805: 0.2W

1206: 0.33W

2010: 1W

2512: 2W

**The continuous maximum voltage applied cannot exceed the maximum power rating and is ohmic value dependent.

***To achieve, the terminals must be properly isolated from each other with appropriate potting material

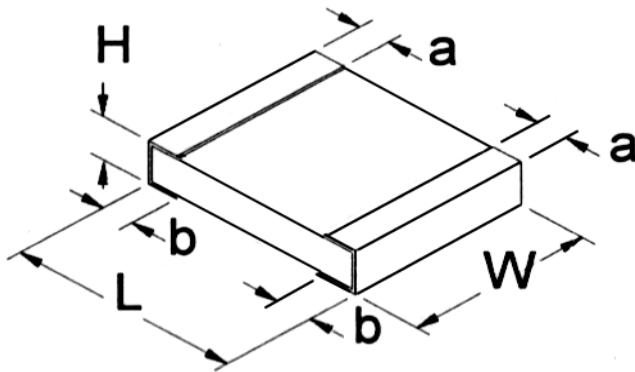

Note: Other case sizes and tolerances are available.

Operating Temperature Range: -55°C – 150°C
